

1. Login and registration page

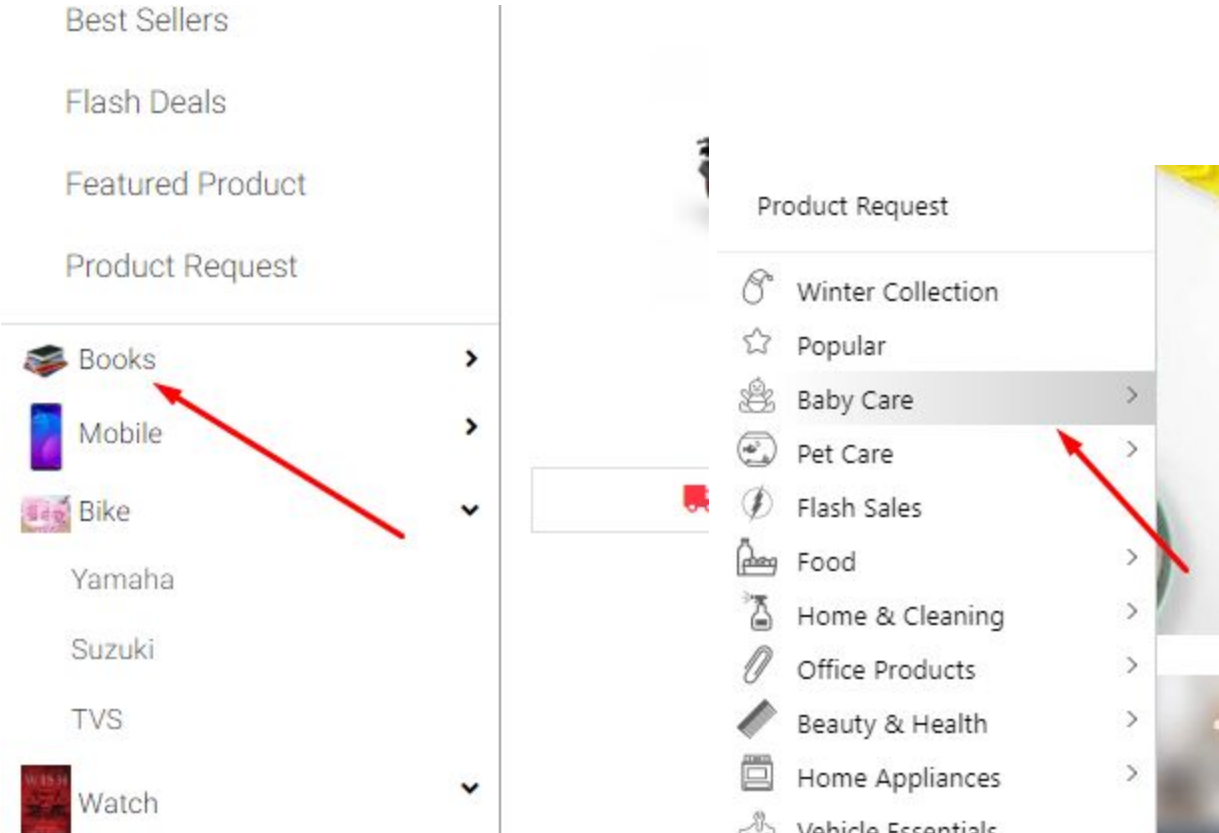

- 2. Product page missing
- 3. Add to Bag is not working. When I hover and then click, the product should add in my cart.

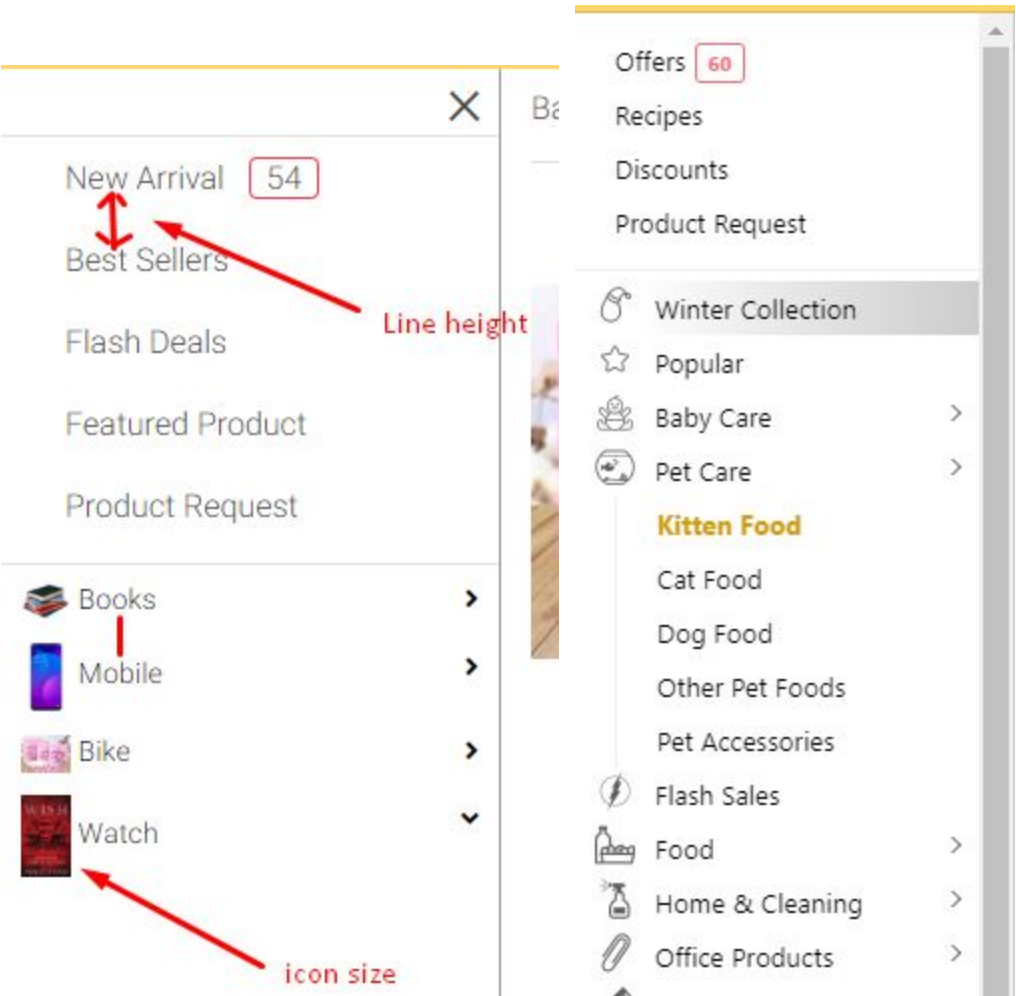

4. Menu is not collapsing when clicking here

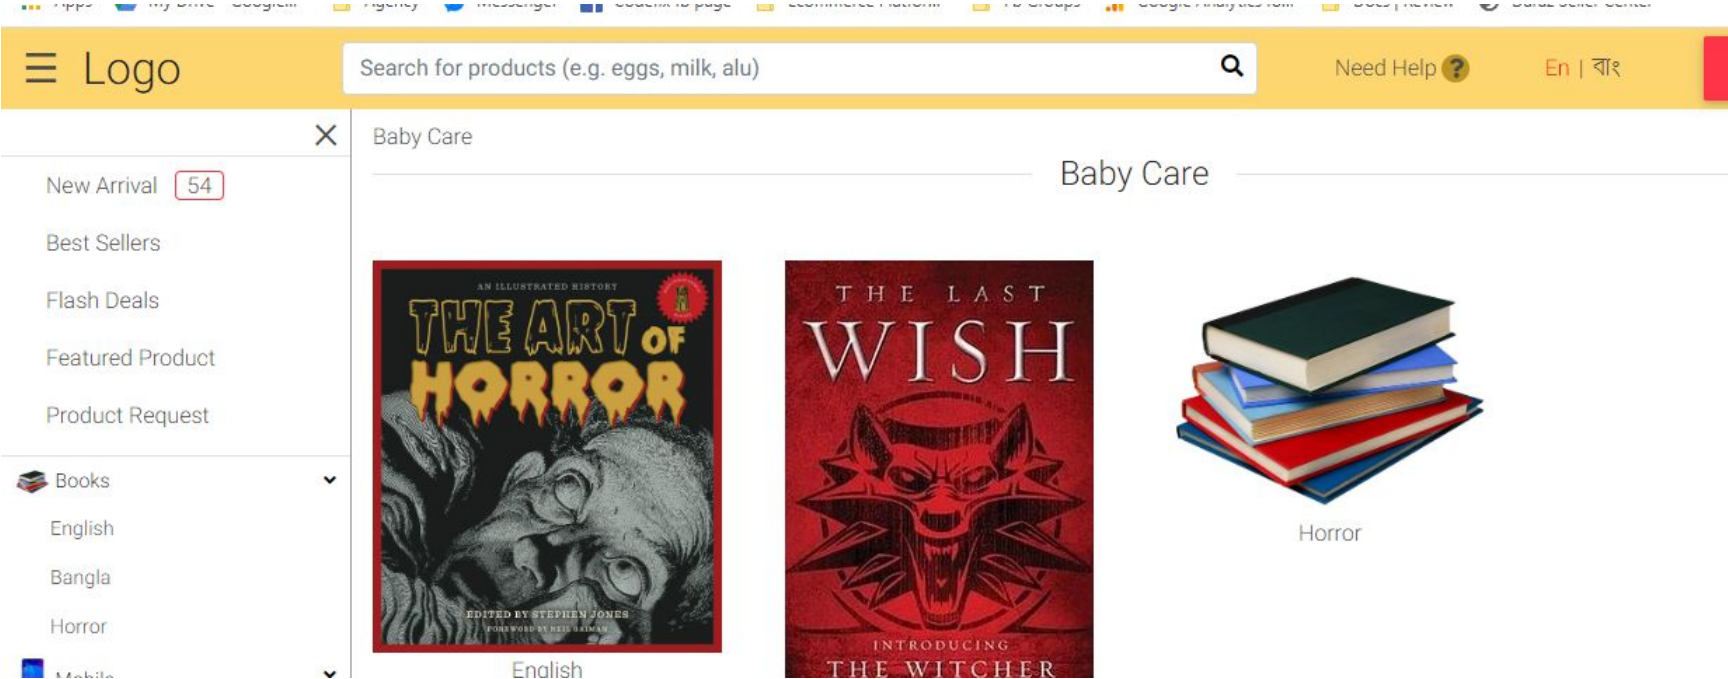

5. Menu hover missing

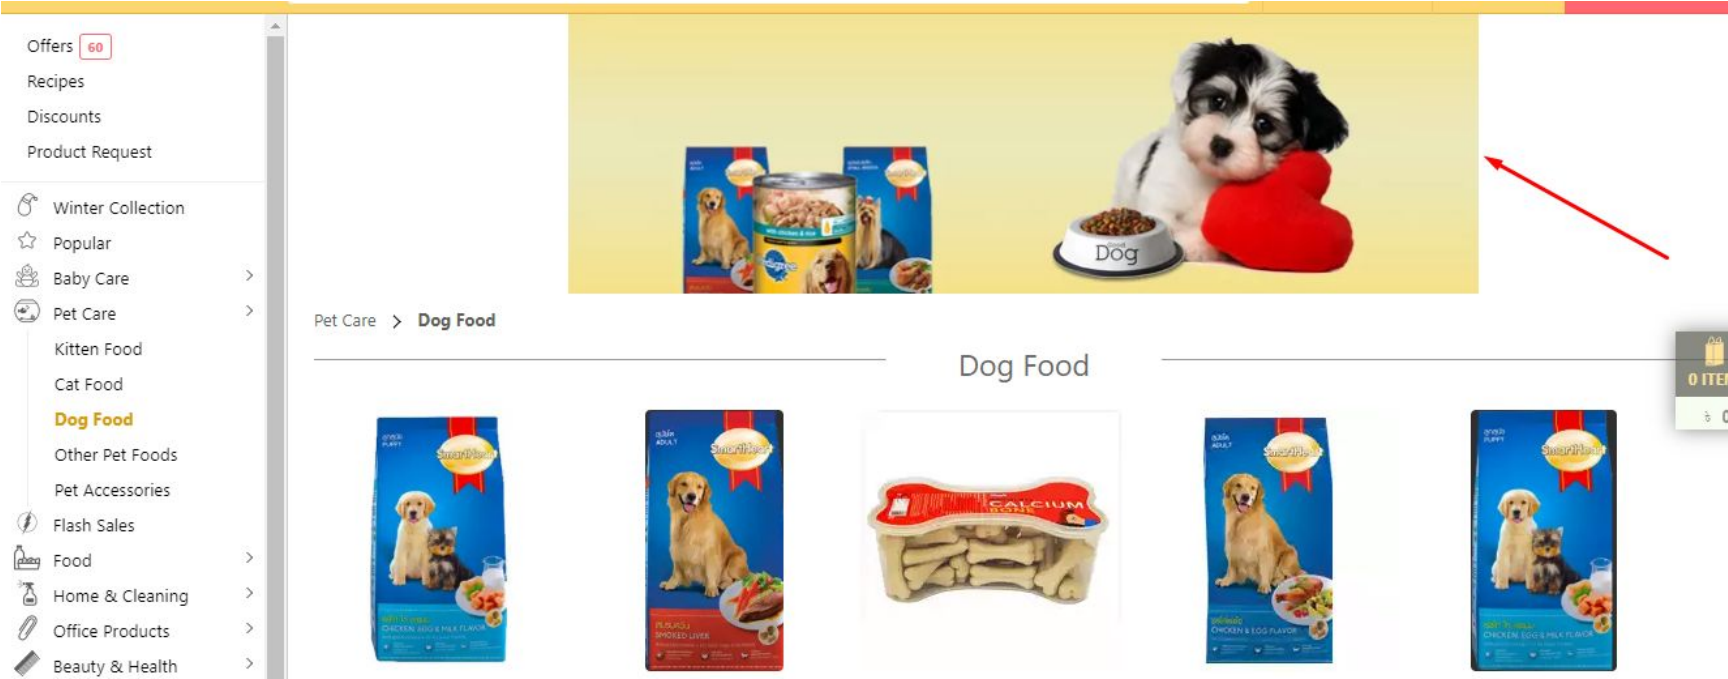

6. Follow the icon size, line height, font size, font color like chaldal. Add a “Active menu color” like “Kitten Food” in the right side image.

7. Category banner missing

Expected

8. Discounted price is not showing and still there is showing weight
